CHAIRMAN: LARRY
PH 503-5376-8080

TO GET THE NETTER BY MAIL, SEND A SIX DOLLAR CHECK MADE OUT TO FRED BECHDOLDT, ADDRESS 1846 JOHNSON AVE. KLAMATH FALLS, OR. 97601-2136. THE NETTER IS POSTED ON THE O.E.N. WEB PAGE FOR FREE.

THE OREGON EMERGENCY MEETS ON OR ABOUT 3980. We all need to remember that net control determines the net frequency. I have heard folks advise the net control he was not on frequency. Net control is ALWAYS on frequency if he is on or about 3980. (ed)

SK REPORT It is my solemn duty to report that longtime OEN member Ed Vaughn, K7YLO became a Silent Key Monday, March 11th 2013. His Certificate # is 524 issued in June 1965. Ed used to check in from Toketee when he was a forester with the Federal government. He retired in 1985 and until recently farmed 150 acres with an orchard in Talent. KG7UY Dennis

FROM YOUR EDITOR / TREASURER: In years gone by, the funds for net activities came from the sale of the NETTER. Now days, that is not true, as very few take the NETTER by mail, and the six dollars we charge for taking the NETTER by mail might barley cover the cost of printing and mailing the NETTER. Now days the NETTER is free on our web page. This leaves donations as the means of covering our costs. Our Net Manager, Dennis, has expenses every year that he incurs, which need to be funded. We have the expense of portable rest rooms to cover at the picnic, the third weekend in August. Right now we are not in need of money, as we have \$855.32 in the bank. Larry, w7wx, our Chairman of the Board came up- with a good idea of how we can make money for the net. Perhaps you have some radio gear that you do not use any more, that could be auctioned off at the picnic. Perhaps you have something that you would like to donate that could be auctioned or sold, other than radio equipment. All we would ask is that what every you wish to donate, that it is in good condition. Perhaps there are others out there who have even better ideas of how we can make money for the net, if so, contact a board member, and let them know about your idea. Today we have enough money to meet our needs, but on down the road, we will need to increase funds to cover our expenses.

OEN member WD7H (Jim from Banks) recently released his first action/adventure novel, **Fracture Gradient**, and was fortunate enough to have it reviewed in the April, 2013 issue of QST. While the book is not about amateur radio, it does feature the practical use of ham radio in the storyline . . . and that caught the notice of ARRL. Not only was the book reviewed in QST, but ARRL also purchased copies to sell on their website. You'll find it in the History & Adventure section of the ARRL Store along with a full description where they referred to it as "A refreshingly accurate portrayal of Amateur Radio and RDF in a powerful story of greed and manipulation within the international oil industry.

Jim checks in on the OEN most evenings and is also a member of the Oregon Tualatin Valley Amateur Radio Club (OTVARC) where he helps out as a VE.

Fracture Gradient is also available on the Amazon, Barnes & Noble, and Powell's websites, as well as on www.JimMcCulloch.com.

For those who missed the QST review, here it is reproduced with the permission of ARRL.
